

President Obama:

I oppose the FBI raids on anti-war & international solidarity activists on 9/24/10, and the ongoing witch hunt harassment and grand jury fishing expedition. The attack on people in this country for their ideas is a gross violation of civil liberties and constitutional rights, and must be ended now. I call on you to immediately:

- **STOP THE REPRESSION** against anti-war and solidarity activists
- **IMMEDIATELY RETURN ALL CONFISCATED MATERIALS**—computers, phones, papers, documents, etc.
- **CANCEL THE GRAND JURY** against anti-war activists
